Walter Reed & Epavant Magazine

Heroes to Hometowns is designed to welcome home Service Members who are severely injured. In creating a positive transition home, Heroes to Hometowns inspires community pride and establishes a support network for Service Members and their families so they can live productive lives.

How to be a Hometown for Heroes

A community may need to:

- Organize a welcome home celebration
- Help secure temporary and/or permanent housing
- Assist in adapting a home or vehicle
- Find jobs and educational opportunities
- Create a carpool for hospital visits

A community can help provide:

- Childcare
- Financial support
- Transportation
- Entertainment options
- Counseling
- Spiritual support
- Family support

If your community is interested in being a **Hometown for Heroes**, contact the Department of Defense.
